FROM OUR EXECUTIVE DIRECTOR

To our donors and community,

Over the past year, we have worked tirelessly to make a difference in people's lives. We have provided crucial support to families assisting a loved one through the challenging journey of addiction, inspired individuals on their path to recovery, and empowered thousands of people of all ages to lead healthy, substance-free lives.

In FY24, your collective support helped 3,840 individuals and family members from all 50 states receive the guidance and support they needed. Recovery housing and coaching scholarships were awarded to 197 people starting their recovery journey. Online support groups offered hope for numerous families, with 1,100 new registrations. We had a 46% increase in new teammates joining our Team Herren Project community, and 3,108 young people actively engaged in our Herren Project Clubs. While the statistics are important, behind these numbers are real people with stories who come together as a collective force standing strong in the fight against addiction.

As we begin a new year, we reassure you of our unwavering commitment to our mission and purpose. We believe everyone deserves to live a healthy, fulfilling life, and are dedicated to making that happen. We hold steady with faith that hope endures and change is possible. Times continue to be challenging as we grapple with the addiction epidemic in our country. Herren Project is more committed than ever to providing effective recovery and prevention resources needed to overcome the disease of addiction.

We express our heartfelt gratitude to you, our donors, volunteers, dedicated staff, board members, and ambassadors. Your contributions, whether financial or through your time and effort, are deeply appreciated and have made a significant impact on our cause. Your continued support is invaluable as we strive to make a lasting impact in the fight against addiction.

Gratefully,

Bonnie Sawyer

FROM OUR FOUNDERS

To our Herren Project community,

Together, we have built a community that stands as a testament to the power of collective effort. We are proud of the profound impact Herren Project has had on communities over the past 13 years. From a simple idea that emerged in a church basement in 2011 to the transformation of thousands of lives, Herren Project has been a beacon of hope and an anchor for those navigating the turbulent waters of addiction and recovery.

We are part of a powerful movement that removes stigma and supports others. It is gratifying to know that by extending a helping hand, we can give back the support we received during our recovery. The impact highlighted on the following pages is a testament to this and the compassionate work of the organization we co-founded in 2011. We are honored to be part of their contributions and inspired by their desire to become part of something greater than themselves.

Thank you, Herren Project donors and community, for your invaluable contributions to this movement and for bringing about change. Your generosity of time, treasure, and talent have significantly impacted countless lives and families. We are immensely proud of the work Herren Project has accomplished, and it would not have been possible without you.

Gratefully,

Randall D.

"I became the Assistant Manager at New Life because I kept stepping up whenever someone needed me to. I am also taking skills classes to help in the next step of my journey"

Kendall T.

"Thank you for giving me this chance to help further my sobriety. At first, I was against the sober living. I was in a delusion that after rehab, I had everything figured out. Being able to stay in a house surrounded by other women makes me want to work harder, so that one day I can help other women in recovery."

Matthew B.

US Army (Major, Retired)

"It is an honor to receive a Herren Project scholarship. I've seen Chris Herren's ESPN 30 for 30 at multiple treatment centers, and I aspire to be like him one day, traveling around the states, spreading hope."

Family Recovery Services

HP Staff and Family Support Group at the 2023 Family Cook Out

"When grieving the loss of both of my younger brothers, I felt devastated and alone. The circumstances of their deaths also drew judgement from others at times. I feel so fortunate that I found Herren Project to help me navigate through some of the darkest times in my life. I attended the weekly grief groups and for the first time since experiencing such loss, I met others that knew how I felt. Losing a loved one to addiction is a different kind of loss with complicated emotions that the group helped me process.

I am forever grateful for Herren Project and the work they do to help so many!"

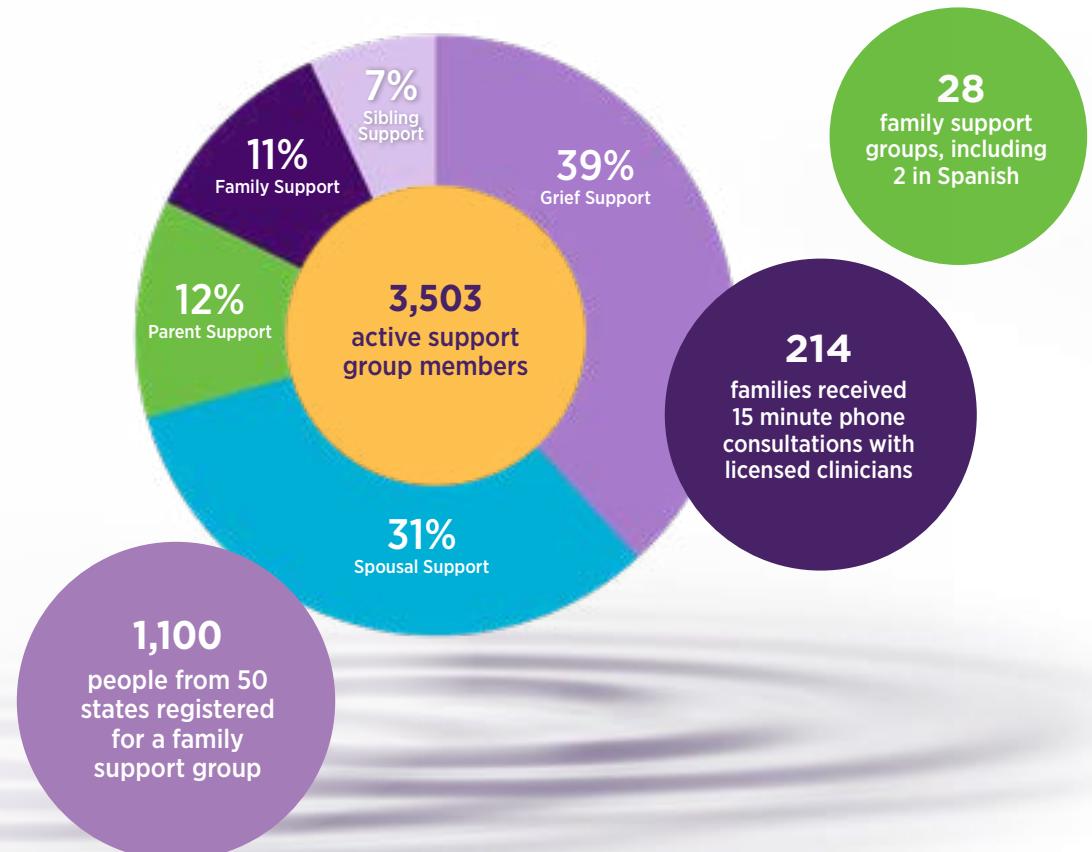

- Angie H.

Community Team Herren Project

Over the weekend of April 13-15, 2024, Herren Project teammates and guests gathered in Boston to connect, reunite, and celebrate the 10th anniversary of Team Herren Project. This year's 37 B.A.A. 5K and Boston Marathon runners collectively raised more than \$300,000 to support the work of Herren Project. The entire weekend was a celebration of community, hope, and growing good TOGETHER!

The idea for Team Herren Project was ignited at the 2014 Boston Marathon. It has since grown into thousands of individuals moving their bodies, achieving their personal goals, connecting, healing, and breaking stigma. **Over the last ten years, Team Herren Project community has raised over \$5 million.**

2024 Boston Marathon Team

**"In the words of a long-time teammate,
I came for running and stayed for the community.
Folks feel welcomed, valued, and trusted. It's not
about the running; it's about the connection."**

– Pam Rickard, Director of Active Engagement

12

"I run with Herren Project because recovery saved my life, and I want to give back. Everyone struggling with addiction deserves treatment, stable housing, and family support. I had those advantages. Many people don't. And Herren works to close that gap. I love that this organization believes in community, connection, and the simple truth that we're stronger together in the fight."

– Erin M., 2024 Boston Marathon Teammate

2023 NYC Marathon

Rhodes Rouse

"Through the work of the Herren Project, I have seen lives change and families rebuilt. As a man in recovery and new to running, I have found peace, confidence, and freedom in my training and am so grateful to be a part of this amazing organization. I'm most proud of my two daughters and my amazing wife, Julia."

2023 NYC Marathon

Michael Maassel

"I choose to run for and support Herren Project because scholarships for access to treatment are so important. I was a scholarship recipient where I got sober in Colorado, so this really fuels me and is a passion of mine. I am most proud of my sobriety."

2024 Boston Marathon

Maurice Lowman

"Having lived through the darkest and lowest moments of addiction and finding something as rewarding and fulfilling as running with a group of people who share the same gratitude for sobriety is truly a gift. As one of my mantras states, 'I am running the streets that used to run me', and I hope to be with Team Herren, delivering hope to others for many years to come."

DEI Achievements & Goals

Addiction is a disease that affects individuals across all demographics, regardless of income or race. However, access to treatment, recovery programs, and prevention efforts is often unequal.

The outcomes of recovery and treatment for substance use disorders are significantly influenced by social determinants of health. Access to healthcare, nutritious food, safe housing, and employment opportunities can vary greatly based on your location and the intersection of your identities, including race, gender, socioeconomic status, and experiences with the criminal justice system.

Herren Project works with individuals and communities through our recovery and prevention initiatives across all demographics.

Our services are designed to be inclusive and address the diverse needs of various racial, ethnic, and socio-economic groups. We are committed to reducing disparities by ensuring accessibility, cultural sensitivity, and relevance in our support services. We provide our services at no cost, thanks to our generous donors, to remove one of the financial barriers that exist on someone's path to recovery.

As part of our commitment to fostering a more inclusive and equitable environment, we recognized the importance of understanding the diverse demographics of those seeking our support. We began collecting optional, anonymous demographic data in April 2022 from individuals and families seeking recovery resources. This information has helped us better understand the communities we serve and continually improve our support, ensuring Herren Project is a safe, welcoming resource for people from all backgrounds.

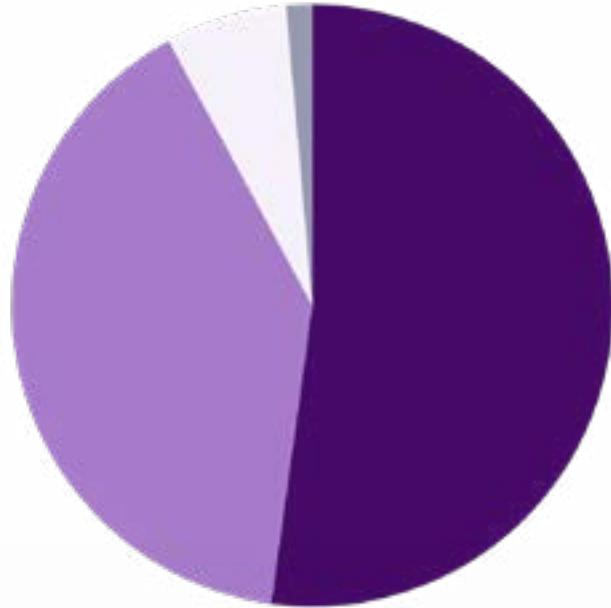

Over the past couple of years, we've taken a deeper look at our work through this lens and have renewed our commitment to living out our values.

Trends in Outreach from FY23 to FY24

- 25%** increase in people identifying as non binary.
- 333%** increase in people identifying as transgender.
- 28%** increase in people identifying as Black or African American.
- 33%** increase in people identifying as Hispanic or Latino/a/x.
- 36%** increase in people identifying as multiracial or biracial.

DEI Milestones

- Created an internal DEI committee.
- Increased representation among our peer recovery coaches to better reflect BIPOC and LGBTQ+ communities.
- Translated Herren Project Club materials, Family Discussion Guides, and WWWH materials into Spanish.
- Conducted a marketing review to ensure the language and imagery we are using is people-centered and aligned with our values.
- Created a Health Equity component of our Strategic Plan.
- Aligned with the National Cultural and Linguistic Appropriate Services (CLAS) standards for healthcare organizations for inclusion at the staff, board, and program levels.
- Held regular DEI staff training.

“Herren Project has helped me already in ways that I don’t quite know how to put words to. They’ve helped me to not feel alone in a time when I thought I was the only one experiencing the thoughts and feelings that were incredibly overwhelming and difficult for me to process on my own. It was like I could finally see a light at the end of a tunnel I didn’t realize I had been in for so long. I’m so grateful for the support this space provides.”

This Annual Report is dedicated to Ambassador and Team Herren Project Teammate,
Bud Boyd, who passed away in October 2024.

Bud Boyd was a beloved member of the Herren Project community.

“Being asked to serve as an ambassador is such a privilege. The opportunity to share my experience, strength and hope is a gift I cherish.
